

funding is made available in the form of grants which are conditioned on priority treatment being provided to certain persons, including pregnant women and drug-affected babies. This provision would make an additional \$125,000 appropriation to establish a pilot project to provide treatment services to pregnant women and infants. This project can be financed with the funding I have approved, therefore, this additional spending is unnecessary.

I am unable to approve the items designated as Section 4, subsection 6, and Sections 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, and 27, in their entirety. These provisions would establish a fifteen member advisory council which would be charged with assessing and making recommendations relating to the effectiveness of substance abuse treatment programs and appropriate \$250,000 to this council. These provisions also establish an unrealistically high minimum success rate that treatment providers would be required to meet and provides sanctions for those who fail to do so. Much concern has been expressed about the method of evaluating substance abuse treatment programs established in this bill. Further discussion and study of this matter is needed.

I am unable to approve the item designated as Section 6, subsection 2, in its entirety. This provision appropriates \$125,000 to the Drug Abuse and Prevention Coordinator to establish a pilot educational and treatment program for children whose mothers used drugs during their pregnancy. The program is required to include a wide variety of services including an education program for incarcerated parents, training on parenting skills, mentoring within our welfare reform program and treatment for substance abuse. These services are currently available through programs provided by a number of state agencies. Coordination of these services should and does occur at the local level.

For the above reasons, I hereby respectfully disapprove these items in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in House File 2564 are hereby approved as of this date.

Sincerely,
TERRY E. BRANSTAD, *Governor*

CHAPTER 1265

**APPROPRIATIONS FOR ENERGY CONSERVATION
AND ENVIRONMENTAL PROTECTION**

H.F. 2567

AN ACT relating to and making appropriations from the energy conservation trust.

Be It Enacted by the General Assembly of the State of Iowa:

Section 1.

There is appropriated from those funds designated within the energy conservation trust created in section 93.11, to the energy and geological resources division of the department of natural resources for the fiscal year beginning July 1, 1990, and ending June 30, 1991, the following amounts, or so much thereof as is necessary, for disbursement under section 93.11 to the following agencies for the purposes designated:

1. To the department of natural resources for the following purposes:

a. For deposit in the oil overcharge account of the groundwater protection fund created pursuant to section 455E.11, subsection 2, paragraph "e", and allocated as provided from the Strip-per well fund:

..... \$ 2,700,000

b. For the state energy conservation program and for the energy extension service program, from the Exxon fund:

..... \$ 238,200

2. To the department of agriculture and land stewardship for the establishment and implementation of not less than five model farm demonstration project areas, in geographically distinct portions of the state. The projects shall be located in southeast, south-central, southwest, northwest, and north-central portions of the state. The projects shall be designed to enhance the profitability and decrease the environmental impacts of row crop production, and to develop on-farm demonstration and education programs involving farms concentrated in a project area, such as the Big Spring demonstration project does in northeast Iowa. An advisory group shall assist the soil conservation division of the department of agriculture and land stewardship in the project design and implementation, with representation consisting of the energy and geological resources division of the department of natural resources and the cooperative extension service. From the Stripper well fund:

..... \$ 600,000

3. To the division of community action agencies of the department of human rights for qualifying energy conservation programs for low-income persons, including but not limited to energy weatherization projects, which target the highest energy users, and including administrative costs, to be expended first from the balance of the Warner/Imperial fund, and the office of hearings and appeals second-stage settlement fund, and supplemented by the Exxon fund for a total appropriation not to exceed:

..... \$ 3,000,000

4. To the department of economic development for the energy-related activities of the amorphous semiconductor project at Iowa state university of science and technology, from the Stripper well fund:

..... \$ 300,000

As a condition, limitation, and qualification of the appropriation made in this subsection, the department of economic development shall provide a complete report of the current status of the project which shall include the degree of financial or other participation by Iowa state university of science and technology and the other participants in the project. The report shall be submitted to the fiscal committee of the legislative council no later than October 1, 1990.

5. To the state department of transportation to conduct, through a contract with a regional planning agency, a demonstration study to assess the economic and technical feasibility of establishing an intermodal transportation facility at or near a location on the Mississippi river that has access to year-round navigation, from the Exxon fund:

..... \$ 25,000

Moneys appropriated under this subsection shall only be appropriated in an amount which does not exceed the balance of moneys returned from payments on the revolving loan used to fund the Quad Cities intermodal project, at the time of execution of the contract with the regional planning agency. The department shall coordinate the demonstration study with the department of economic development and shall report to the general assembly, not later than March 31, 1991, on the outcome of the study, on the applicability of integrating intermodal transportation analysis into regional economic development studies, and on the contribution that regional planning can make to statewide planning.

Sec. 2.

There is appropriated an amount up to five percent, but not to exceed \$300,000, of the allowable petroleum overcharge money appropriated for the fiscal year beginning July 1, 1990, and ending June 30, 1991, to be used for administration of the petroleum overcharge programs.

Sec. 3. 1986 Iowa Acts, chapter 1249, section 4, unnumbered paragraph 1, as amended by 1987 Iowa Acts, chapter 230, section 8; 1988 Iowa Acts, chapter 1281, section 6; and 1989 Iowa Acts, chapter 312, section 6, is amended to read as follows:

There is appropriated from the funds available in the energy conservation trust, established in section 93.11, for the fiscal period beginning July 1, 1986, and ending June 30, 1990 1991, to the energy and geological resources division of the department of natural resources for disbursement under section 93.11, the following amounts, or so much thereof as is necessary, to be used for the purposes designated consistent with the expressed legislative intent of this Act:

Approved May 7, 1990
